Army Flight Divided Into Six Divisions; Planes From Santa Monica

From Seattle

Twenty-two Countries be Crossed; Other Nations Will Compete

the round-the-world flight of United States Army aviators, starting from Seattle, April 2, were made public today by Maj. Henry H. Arnold, commander of Rockwell Field, and Lieut. Vis ril Hines, post adjutant.

The information was contained in a letter sent to Rockwell Field authorities by Capt. Loweli H. Smith. San Diego flyer, who has been selected as one of four pi-lots to carry the Stars and Stripes around the world.

The completed plans call

May F. L. Martin, squadron commander; Lieut, Eric Nelson, squadron engineer officer Capt. Lowell H. Smith, and Lieut, Leigh Wade to leave Langley Fleid, Va., for the Davis Doughre's plant at Santa Monica in March 1.

TRIAL FLIGHTS PLANNED

At the Davis Douglass plant the flyers will take over the world cruisers built especially for the flight and will fly them to Rockwell Field here where the initial trial flights will be made. From San Diego the airmen will fly direct to Seattle, where they will hop off about April 2 on the first leg of the 39,000-mile voyage over the air lanes of twenty-two foreign countries. It originally was intended to start the world trip from Langley Field. This, however, would have necessitated the flyers winging their way twice across the American cominent. The first leg of the flight, from Seattle to Attu Island at the westerly trip of the Aleutians, will be under supervision of Lieut, Clayton L. Bissell, who will be responsible for gasoline fuel oil and supplies needed along this section.

The second division of the flight, from Attu Island across Hering Sea to the Kamchaika Peninsula on the Siberian coast. A and southward along the islands of Japan, will be controlled by Lieut. Clifford C. Nutt.

The third division, from Nagasaki, Japan, to Calcutta, India, will be in charge of Lieut, M S. Lawton.

[BT A. P. NIGHT WIRE]
WASHINGTON, Jan. 7.—The Shipping Board at a three-hour
meeting today considered a memorandum submitted to it by Chairman
Jones, of the Senate Commerce Committee, after he had visited the turesque battle. Great Britain and Portugal have been preparing for months to stage a successful flight around the world and it is significant that both these countries also will attempt the globe air voyage. The British and Portuguese globe flyers will have the advantage of flying from west to east with a favorable wind on "their tail" almost from the moment of take-off. The Americans are to pilot powerful combination air and

study of by-laws of the emergency Fleet Corporation with a view to possible revision of some sections relating to powers of the board and corporation.

The memorandum, it was said, was being discussed along with a plan of the board. Chairman Farley said that the board was considering a new resolution providing for the operation of the government fleet under such provisions "as will not interfere with the regulatory, judicial and discretionary powers" vested in the board by the Merchant Marine Act.

Whatever powers are delegated to the Emergency Fleet Corporation must be delegated by the board, Mr. Farley said, citing provisions of the Merchant Marine Act to this effect.

McAdoo, Underwood and Cox Showing Interest

Native Son Expected to Make Another Run

McADOO DISLIKED

Mr. McAdoo seems to be cordially disliked by those who are prominent in the Cox following. They complain that McAdoo, after being defeated by Cox in the San Francisco convention, sulked in his tent throughout the campaign, refusing to give aid and comfort to the ticket headed by his triumphant rival. Mr. McAdoo vigorously denies the charge and points to times and places when he went out of his way to work for Cox and the ticket generally. But the Cox folks decline to be consoled except by schemes to even up scores with Mr. McAdoo.

Democratic leaders here say that Cox easily can get the delegation or the greater part of it, There are only about five districts in the State in which McAdoo would have a good chance of taking delegates away from Cox. Ten delegates would be only about one-fifth of the delegation and under the unit rule Cox would have the entire Ohio aggregation. McAdoo's chief strength is in communities where railroad employees are numerous and influential.

UNDERWOOD TO SPEAK

UNDERWOOD TO SPEAK
Senator Underwood, Democrat,
Alabama, is to make a speech here
a couple of weeks hence but
whether he will be an active contestant in the Democratic primary
remains to be seen. There is a
close community of interest between the friends of Cox and the
friends of Underwood. In fact, in
most cases these friends are identical. They are in favor of Underwood staying out of Ohio and keeping his powder dry, relying on the
Cox delegation to support him after the preliminary balloting. If
Underwood and McAdoo both
ahould get into the fight in Ohio,
the Cox and Underwood forces
would be divided and McAdoo
would be the beneficiary.

Mr. McAdoo is to make a speech
here shortly after the Underwood
appearance and an announcement UNDERWOOD TO SPEAK ppearance and an announcement s expected at that time shedding ight on the intentions of the ormer Secretary of the Treasury n regard to the Ohio contest.

KLAN MAY BE FACTOR The Ku Klux Klan is pretty strong in Ohio and might prove to be a factor of consequence in the primary if Underwood should be an open contestant. Underwood has denounced and defied the Klan and is credited with an intention to make an anti-Klan pronouncement a plank in his platform. Mc-Adoo partisans view this department with consiterable satisfaction, opining that the Klan will support sequence McAdoo will carry every State in the Solid South except Alabama in which Underwood lives and the primary law of which was framed to insure Underwood the Alabama delegation.
Followers of Underwood profess the utmost confidence that his anti-Klan attitude will prove a great asset and that he will gain more votes than he will lose thereby.

IBY A. P. NIGHT WIRS!

WASHINGTON, Jan. 7.—Vigorous opposition to the proposed consolidation to the War and Navy Departments was voiced today by Secretary Weeks before the joint Congressional reorganization committee. Secretary Denby also was present to oppose the proposal.

Secretary Weeks read a statement reviewing the development of the military and naval establishments in foreign nations, which he said showed a tendency toward decentralization.

Secretary Denby argued that it would be more appropriate to suggest improvements rather than abolish the Navy Department. The creation of a super-Secretary over both departments, he said, would make for unnecessary to do the business of a rate section or territory, to enjoy not more than a fair net-operating income on the aggregate value of their properties therein estandpoint of the individual shipper of that section."

The reduction of the net operating return provided by the recapture clauses, the court asserted, "is a near as may be the same thing as if rates had all been reduced proportionately before collection."

More About Monopoly

YEARS ago it was found that an unrestrained monopoly was not for the public good. This was not because the people in control of the monopolies were worse than other people, but because they were like other people!

> Accordingly, there arose the practice of controlling the public utility organizations by means of state-appointed commissions. Regulation by commission is the best solution yet found for the relation of the public to its utilities. The California State Railroad Commission has authority over public utility rates, service and financing, and also settles disputes between the utilities and their consumers.

All except muncipally owned utilities. They' have vigorously and successfully opposed all efforts to place them under the control of the State Railroad Commission.

As long as the electric system of Los Angeles Gas and Electric Corporation operates as a competitor of the electric system of the Los Angeles Bureau of Power and Light, the Bureau will, for all practical purposes, be under Railroad Commission rules, because competition will force it to try to meet the rates and service conditions of its business rival.

If, however, the Bureau should succeed in acquiring this Corporation's electric system, Los Angeles would then have an unregulated electric monopoly—a thing that was found dangerous years ago.

Bill Tilden's choice for the first ten didn't seem to make ranking committee of the United States Lawn Tennis

Tennis rankings are a peculiar thing, in which the ability of the player plays only a small part. The chief requirement for good ranking is participation in a lot of tournaments. Lots of players of really inferior ability get fine ranking because they played in fifteen or twenty tournaments during the year, and therefore kept in the public eye.

Francis Hunter was beaten by Howard Kinsey and Harvey Snodgrass, among others, but outranked both of them largely because he went to England and was runner-up at Wimbledon. Without question either Snodgrass or Howard Kinsey could have been runner-up it they had been fortunate enough to get as "soft" a draw as Hunter got. The only other good players, Bill Johnston and Vin Richards mowed down all the best of the European players and met in the semifinals in the other half. Hunter was easy for Johnston in the finals.

At last they are negotiating for a Gibbons Downer greturn

Johnston in the finals.

At last they are negotiating for a Gibbons-Dempsey return match for the heavyweight championship. If they hold it, unless our guess is way off, Dempsey will polish Tommy off without any terrific difficulty. A lot of folks will hold to the idea that Tommy did so well at Shelby that he ought to pretty nearly outpoint the champion in ten or twelve rounds, the distance they go back East.

But they are wrong, for they don't understand what happened at Shelby. Dempsey rashed Gibbons all over the ring in the first round, trying to knock him out. When he couldn't do it he slowed up for six or eight rounds to make sure that he could last the distance, and then he went after Gibbons again. If Dempsey had been confident enough, as he is now, to go after Gibbons at the start and keep after him, the thirty-pound weight advantage is certain to tell in short order.

INDIANAPOLIS, Jan. 7.—Mr. and Mrs. Hobbs and daughter Caroline have gone to California for the winter.

With snow and colder weather, old fashioned winter sports are fast coming back in vogue in Indianapolis. A few sleighs are out. The snow fall of last season was so slight that there was very little sleighing weather. So far this year there has been plenty of snow but the weather is extraordinarily cold. Merritt Rogers, 56 years of age, treasurer of the Wood Mosnic Company of New Albany, died suddenly of heart dispase while he and Mrs. Rogers were entertaining the officials of the company at an annual dinner at their home.

After serving twenty-six years as active manager of the Pinnell-Coombs Lumber Company, B. F. WILMINGTON

...the Portal of Southland Commerce

HE Great Los Angeles Harbor is the arch upon which has been erected the commercial prominence of Los Angeles and Wilmington is the keystone in that important arch.

Wilmington is located in the very crux of the Harbor District, commanding every entrance to it, with San Pedro

on one flank and Long Beach on the other and opposite it, Terminal Island, accessible only from Wilmington over the new bascule bridge.

All six of the lines of rail transportation that serve the Harbor District enter Wilmington and have terminals here.

85 lines of steamships make Los Angeles Harbor a regular port of call and 47 dock at Wilmington. All the Highways that connect the Harbor with Los Angeles and other important points, enter the Harbor at Wilmington.

With a preponderance of harbor transportation entering and leaving through the portals of Wilmington, this community offers more opportunities to the square foot

than any other city in America. It is the strategical position that Wilmington enjoys that is attracting outside capital to this district. It is this same factor that should bring you here—to live and to prosper. Not to a prospective city but one that has already reached a sphere of commercial influence.

We invite you to Come and Share in the Prosperity of Wilmington.

"Your Apartment Your Own"

A Location Which Cannot Be Duplicated

Las Moradas Apartments will stand on the only restricted lot in the entire Wilshire District—a fact that in itself attests to the remarkably advantageous position. At the junction of Rosemore and Rosewood Assense no more centrally located a site could be obtained. Immediately across from the Wilshire Country Club, The Los Angeles Tennis Club practically adjacent, the many features of Hollywood and surrounding territory are all easily reached. A perpetually unrestricted view of the Mountains, the City, down to the Sea is assured for Las Nio adas—and the beauty of suror Las Nic dings can be accepted as permanent.

Now, figuring the interest on the investment, the interest and payments on the principal, taxes, insurance, light, heat and daily hotel service—the total would be \$155.25—AN ACTUAL SAVING OF \$94.75 EACH MONTH.

And not only do you own the Apartment at the expiration of this time, but in the meantime you have the advantage of the hotel service and community lounges, parlors, billiard room and all other niceties of the building.

who was married to Elizabeth A. Brundage last November, appeared at the marriage license bureau and announced he wanted to be married over again and needed a new license.

Ulaski explained that his wife obtained the first license and gave his name as Smith. "because she couldn't spell his real name." He said he went through the first marriage ceremony under that name, and thought no difficulty would arise as the result of the discrepancy.

Since then, he said, he had discovered that all his legal rights were in jeopardy as the result of his marriage under a pseudonym, and wanted to correct the defect in his married name. He was granted a second license under his correct name.

TIPS FOR TAXPAYERS

A single person, if the head of a tion granted married persons \$2000 or \$2500, according to the

tion granted married persons.
\$2000 or \$2500, according to the
amount of net income. A head of
a family is a person who actually
supports and maintains in one
household one or more persons
closely related to him by blood,
marriage, or adoption and whose
right to exercise family control and
provide for these dependents in
based upon some moral or legal
obligation.

Mere support of relatives does
not entitle a taxpayer to a status
as the head of a family. The dependent must be a member of the
taxpayer's household, and the taxpayer must, in fact, exercise family
control over such dependents.

In addition to a personal exemption a taxpayer is granted a credit
of \$400 for each person depending
upon him or her for chief support
if such person is under 13 years of
age or incapable of self-support
because mentally or physically defective. The term "mentally or
physically defective" includes not
only cripples and those mentally
defective but persons in ill health
and the aged.

Such a dependent need not be a
relative of the taxpayer, nor need
be a member of the taxpayer's
household. A son living in New
York who is the chief support of
an aged mother living, without
necessity for the separation, in
Baltimore is entitled to a credit of
\$400. Were the mother a member
of the son's New York household,
the son, and as the head of a family, would be entitled to an exemption of \$2000 or \$2500, according
to the amount of net income, plus
\$400 for a dependent. The \$400
credit does not apply to the wife
or husband of a taxpayer, though
one may be totally dependent upon
the other.

\$28,000,000.00 a Year for Shoes

A LARGE percentage of the States comes from the United States comes from the cattle ranges of the Southwest. It leaves this territory in the form of raw hides, goes across the continent, is tanned, finished, fabricated, and comes back in the form of boots and shoes for which we spend something like \$28,000,000 a year.

The East gets the manufacturing and wholesale costs and profits, and the advantages of big payrolls. The railroads get freight charges on two cross-continent hauls. The Southwest gets merely the low cost of the raw hides, while paying the maximum price for shoes.

That is the situation today; but soon there will be a different story to tell. Aiready shoes are being manufactured here in Los Angeles—good shoes and popular shoes—which are being handled by many of the best dealers of the State. The industry is in its infancy, but very profitable and susceptible of almost unlimited expansion.

We want to tell you about the important manufacturing advantages here existing, and how you as an investor can co-operate in the development of this sound, growing industry, with benefit to the community and profit to yourself. Your name and address mailed in the apace below will indicate your desire for further information. No obligation.

DES MOINES JOINT STOCK LAND BANK

Redeemable at par and accrued interest on Nov. 1, 1933, or any interest date

The tax exempt feature of these bonds was confirmed by the United States Supreme Court in its decision of February 28, 1921, thus these bonds are completely tax exempt as are the First Liberty Loan 3½% bonds.

These bonds are obligations of the Des Moines Joint Stock Land Bank and are secured by the deposit of United States Government Bonds or Certificates of Indebtedness, or by First Mortgages on improved farm lands, which have a value of at least 100% in excess of the mortgages thereon, which equity is steadily increased by the semi-annual amortization of the loan. Upon completion of this financing there will be outstanding total bonds issued by this bank to the amount of \$6,628,000.00. Security for these bonds will be approximately as follows:

Capital Stock paid in (carrying double liability) \$1,000,000 Surplus and Reserve 126,494

Total value of security for these bonds is \$19,197,146. Disregarding Stockholders double liability, this represents 290% of bonds to be outstanding.

Price 101 and Interest To yield 4.87% to optional date and 5% thereafter.

Mr. Abbey, by using the handwriting on a forged check as a basis and then following the methods outlined in some of his books, caused the arrest of Frank C. Woodruff of 3823 Moneta avenue on a forgery charge.

Woodruff is accused of stealing an unindorsed pay check made out to Newton Holman from the office of an automobile paint shop at 4061 Monets avenue. He is asserted to have forged Holman's name and to have cashed the check at a downtown grocery.

attached to the police bureau of The case was turned over to Mr. Abbey, who was assisted by Detective Lieutenants Winn, Curtis and Mailheau. Mr. Abbey, after a brief investigation, went to the paint shop and looked over a large stack of canceled checks. Among these he found some that had been employed in the shop. The handwriting on Woodruff's checks compared closely to that on the forged check.

Woodruff's arrest followed, and according to the police he has confessed to stealing the check and to forging Holman's name.

OUR DECADENT STAGE

BY MAURICE TOURNEUR

Art in the American theaters seems to have sunk without trace. A while back, seeking mental exhilaration, stimulus and inspiration, I went to New York to see the senson's new plays. I hoped to find among them material for motion-picture dramas.

I came back sadder, but not wiser.

What I saw was almost incredibly crude, silly or nasty. It looks to me as though the screen must develop its own writers. It can not expect help or inspiration from the present dehydrated stage.

After the pains and expense that we go to to perfect the detail of motion-picture dramas, the crude absurditles of the stage plays seem amaxing. MARCELLED HERO

MARCELLED HERO

In "The Seventh Heaven" the hero, presumably out dying some where, walks into the room where his effects are being divided—his hair beautifully marcelled, his face plump and powdered. On the screen we would at least put a few lines in his face to suggest the suffering through which he has passed.

Even the stories are quite crude, childish.

With two friends I saw Duse, the incomparable Italian actress, in "The Dead City"—a maze of words. With no great mental strain my friends and I selected the hero and the heroine, but beyond that we could not go—and we are not imbeciles. Between the acts we would discuss their relationship. "Sister and brother," said one of my friends, "they kiss so and so." "No, husband and wife," suggested my other friend, "their kiss in this act was a dull thing." "Lovers," I insisted, after another act, "their kiss was impassioned." We never did figure out what they were.

M. Clark and Paul Schenek.
Yesterday the defense had used two peremptory challenges and the prosecution one. Prosecutor Clark in his questioning, laid particular siress upon the subject of sympathy or political affiliations, due to the spectacular and meteoric rise of Follette in public life in Los Angeles.
Follette was indicted first on charges of bribery and forgery last May, following a lengthy investigation by the grand jury of the so-called straw bond scandal. Demurrers were interposed to the indictments and the indictments were several times amended, Follette was first tried on the forgery indictment and was acquitted

The Lucky 77th

"HOW LONG can The Chicago Tribune con-tinue its amazing growth?" is a question frequently asked.

This is the 77th year of The Chicago Tribune.

In Civil War days-sixty years ago-The Tribune was an important national influence. At the time of the Spanish War-twenty-five years ago-The Tribune's scoops won international recognition.

When the World War began, The Chicago Tribune was enjoying sensational growth in circulation and advertising-growth which continued through the entire war period.

Observers of The Tribune's progress, decade after decade, predicted that after the war there would surely be a decrease.

But 1919 and 1920 saw universal expansion in which The Tribune shared, followed by a depression through which The Tribune battled ahead. proclaiming: "1921 Will Reward Fighters."

The year 1922 beat any previous year. And 1923 has surpassed 1922 by a large margin.

The chart on this page is drawn to scale to picture The Tribune's amazing growth in circulation.

Where do we go from here?

We are going on!

In its 77th year, The Chicago Tribune is determined to publish a better newspaper, sell it to more people, and generate larger response for

more advertisers than ever before. The merchant or manufacturer who believes that business is as good as we make it is invited to join The Chicago Tribune in its triumphant 77th year. Week Days Only Chicago Tribune

Get Rid of That Backache!

> S that dull, constant backache making you old and miserable? Do you get up lame and stiff; drag through the day feeling tired, nervous and depressed? Evening find you utterly worn out—fit only for bed? Then you should be looking to your kidneys. Winter's colds and chills make extra work for the kid-

neys. And too often the strain is more than the hard-working kidneys can bear! The kidneys fall behind in keeping the blood-stream pure and there is slow poisoning of the whole system. Daily backache results, with rheumatic pains, headaches, dizziness and annoying kidney irregularities. One feels lame, stiff and achy; nervous, irritable and dispirit ed. Don't wait! Delay may prove serious. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's have helped thousands. Home folks recommend them. Ask your neighbor!

Read How These Los Angeles Folks Found Relief:

MRS. JOHN STANSFIELD, 3140 Atwater Ave., says: "Doan's Pills have proven to be more reliable for tidney trouble than any other rem edy I have ever used. My kidneys were in a disordered condition and were in a disordered condition and caused considerable annoyance. My back ached and mornings when I got up, the pain through my back was more severe. Sharp twinges of pain attacked me while about the duties of my home. I used Doan's Pills and they cured the trouble. I have been free from the complaint ever since."

W. E. DeLEIPIRD, Painting Contractor, 1345 E. 37th-St., says: "As a painter I used strong smelling paints, the fumes of which, in all probability the fumes of which, in all probability affected my kidneys. When I worked in a cramped position I had catches in the small of my back. My back was lame, sore and achy practically all the time and I felt out of condition. My kidneys were weak and too frequent in action and this was the sign I heeded. Doan's Pills stopped the backache in a short time, and my kidneys were put back to normal action."

MRS. J. H. FENNER, 618 E. 21st St., says: "My kidneys were out of order and I had backaches My kidneys acted irregularly and caused annoyance. I read of Doan's Pills and used them. They soon corrected the trouble and put my kidneys in good condition."

The above statement was given October 10, 1919, and on January 16, 1923, Mrs. Fenner added; "Doan's Pills are certainly good. Since they cured me, my health has been fine."

INTERESTING FORECAST OROSCO MAY PRODUCE "ANNA CHRISTIE" HERE

By Grace Kingsley
The Morosco is planning a num

per of new plays to follow "The Lady Killer," which gives way to "Cornered," Dodson Mitchell's comedy drama in the course of

wo weeks.
Incidentally, "Cornered" will serve to bring back to the Mo-Incidentally, "Cornered" will serve to bring back to the Morosco stage a former Los Angeles favorite, Grace Travers, who used to play beautiful vampires and other lovely ladies a couple of seasons back. Miss Travers is just as pretty as ever. She has been alternately playing in pictures and working at the social game ever since she left the Morosco, but says she will be very happy to be back on the stage, even as, surely, her friends will be glad to welcome her.

Other plays which it is planned to produce at the Morosco are Haydn Taibot's "The Slave," "The Fool and the Blind Man," and Booth Tarkington's "Magnolia," with Owen Davis's "Home Fires," and Eugene O'Neill's "Anna Christie" as strong probabilities.

Eryant Washburn is being negotiated with to appear in a golf comedy recently tried out in the East successfully, and called "Around in Par."

In the cast of "Cornered," scheduled to open the 20th inst. are Charlotte Tradway, Harland Tucker, Jane Morgan, Gayne Whitman, Grace Travers, Douglas Rowland, Roy Watson, Jessie Arnold, James Donlan, Joseph Eggenton, Judith Ames, M. Day, Harry Hoyt, Belle Green and Evelyn Melbourne.

"TIGER, TIGER!" KNOBLOCK PLAY IS WELL

By Edwin Schallert By Edwin Schallert

The rules of convention may be well defined, but the ways of romance never are, and as a consequence we have "Tiger, Tiger!" a pay by Edward Knoblock, which received its nrst presentation last night at the Fine Arts Theater. It is more than mere passing entertainment; it offers a stimulus to the imagination, for it blends with peculiar charm the song of the spring, and the elegy of parting and of pain.

"Tiger, Tiger!" is the third very excellent production given at the Fine Arts Theater. A highly qualified company has been assembled for the play, and though the opening performance dragged there is promise of an improvement in the tempo once the show really gets going.

The interest in the opening was

Maurice Moloff was to have been sentenced yesterday in Judge Resve's court, but when the case was called a report was filed that the defendant had died between the time of entering his plea of guilty and the time set for sen-tence. Moloff admitted one count of three charging receiving about \$450 worth of stolen clothes and jewelry.

At the regular semimonthly meeting of Hollywood Post, No. 43, American Legion, Walter Smith was formally installed as commander for the year 1924. Other officers, elected at the last meeting held by the post, were also installed. They are: S. A. Capodice, first vice-commander; R. Lee, second. vice-commander; R. Lee, second. vice-commander; R. Lee, second. vice-commander; B. M. Rogers, third vice-commander; B. M. Rogers, third vice-commander; B. Martin and the second commander in liquor cases pending in Judge James's court, several judgments in default having been entered following failure of defendants to appear.

Thousands of war savings certificates, due the list inst., are being redeemed at the Los Angeles postoffice. Many of the owners of these certificates are exchanging them for Treasury Savings Certificates, due five years from date of sale. They bear 4½ per cent interest, provided they are allowed to remain unredeemed during the life of the loan. If disposed of before maturity they draw interest at a slightly lower rate. Under the terms offered by the government, a \$25 certificate can be had for \$20; a \$50 for \$40, and a \$100 for \$20. Not more than \$5000 can be held by any one person.
